Case No. AP-78-4

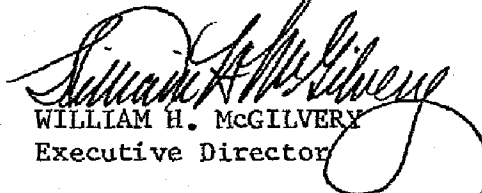

By Order No. 1845, served May 17, 1978, the Commission authorized issuance of a revised certificate of public convenience and necessity to Rodgers E. Johnson (Johnson) upon compliance with certain conditions including the filing of an appropriate WMATC Tariff No. 2 and notarized evidence of vehicular capacity to provide the service authorized by Order No. 1845 in addition to Johnson's other certificated operations.

On May 24, 1978, Johnson's counsel submitted a detailed letter explaining how service would be performed in two vehicles rather than the three vehicles Johnson had previously indicated would be required. An appropriate tariff, certificate of insurance and statement of compliance with Commission Regulation No. 68 governing identification of motor vehicles have also been filed. Accordingly, the revised certificate authorized by Order No. 1845 is being issued this date.

In light of the above action, Johnson's corresponding temporary authority granted in Order No. 1834, served April 19, 1978, and scheduled to expire October 27, 1978, shall be revoked forthwith.

THEREFORE, IT IS ORDERED That the temporary authority heretofore granted to Rodgers E. Johnson pursuant to Order No. 1834 is hereby revoked.
